Hack the Box Academy Progress

Joseph Glynn **JoeWillCode**

Below are the names of each module I have completed in Hack the Box, each has a link attached to them which leads to the certificate of completion under the same name as this GitHub. I use this platform because I am dedicated to learning more about computer security every day, and enjoy broadening my knowledge in field.

Intro to Academy

Web Requests

JavaScript Deobfuscation

Getting Started

Network Enumeration with Nmap
